1

What They Mean to You Today

2

Some years ago a certain Mr. Marsh learned that his aunt had died and included him in her will.

The will read: "To my beloved Steven Marsh, I bequeath my family Bible and all it contains, along with the residue of my estate."

Well, after the debts were paid off, only a few hundred dollars of the estate remained.

That money was soon gone, and all Mr. Marsh had left was the family Bible, which he put in a trunk in the attic.

Steven Marsh had to retire on a small pension.

He lived in poverty for some thirty years.

3

(Video: 9 sec) Finally, in his nineties, he decided to move into his son's home.

While packing his belongings, he ran across his aunt's Bible and began leafing through it.

Mr. Marsh was astonished to find bank notes scattered through its pages.

He counted more than five thousand dollars in cash, a very large sum at the time.

The man had spent most of his life in poverty when he could have been rich.

There was a treasure right at his fingertips in the word of God. Is it possible that we, too, have an amazing treasure right at our fingertips?

There are millions who believe that the Bible is the most incredible book ever written.

They are convinced the Bible is inspired by God and contains clear instructions on how to receive eternal life.

5 - SECRETS OF ANCIENT SCROLLS

People of every nationality, language group, and ethnic background have accepted God's word as a life-changing, precious treasure.

Other people have serious doubts. They have a lot of questions.

4

So what about the best selling book in the world – the Holy Bible? Can it be trusted? Does it tell the truth? Is it accurate?

Some people say you can trust the Bible with absolutely no doubts. Others say you can't. Who is right?

5

And the answer is important, because if the Bible IS true, then whether or not you trust it becomes a matter of life and death!

If the Bible is true, your whole eternal destiny depends on whether you believe and accept it.

What you believe about the Bible makes all the difference in what you believe about God.

There is only one place where you can get a clear picture of God, and that is in the Bible. In fact, that is the reason the Bible was given to us.

6

It tells us about the invisible God who we can only know by reading the messages He has sent by His prophets and His Son to reveal Himself to us.

7

So let's take a look at this great Book, the Bible, also called God's Word, and see if we can find evidence as to whether it is true or not, whether it can be trusted or not.

5 - SECRETS OF ANCIENT SCROLLS

8

The Bible is really not just one book, but a whole library of books inside one cover.
The Bible contains 66 books written at different times by different authors over a period of 1,600 years.

There are 39 books in the Old Testament
and 27 books in the New Testament.

9

Forty-five different men wrote these books, yet we find among them an amazing agreement that can only be explained by the fact that they had a common source.
This total agreement resulted even though most of the writers of these books never saw each other.

10

They were from various occupations.
Some were fishermen, some shepherds, some kings, some government leaders, some farmers, some preachers, some statesmen, a physician – men from all walks of life.

11

(Video: 13 sec) Yet there is perfect unity and harmony between the books they wrote. A miracle, indeed!

This agreement can only be explained by acknowledging that God gave this Book to us so that He might be able to communicate His will to us.

12

(Text: 2 Peter 1:21)
Peter wrote: "For prophecy never came by the will of man, but holy men of God spoke as they were moved by the Holy spirit."
2 Peter 1:21.

13

(Text: 2 Timothy 3:16-17)
The apostle Paul wrote: "All Scripture is given by inspiration of God, and is profitable for doctrine,

5 - SECRETS OF ANCIENT SCROLLS

for reproof, for correction, for instruction in righteousness

that the man of God may be complete, thoroughly equipped for every good work.”
2 Timothy 3:16, 17.

The reason God chose this method of communication – speaking to us in written form – is that the channel between Himself and man had been cut off by sin.

When God and man walked and talked together in Eden, there was no need to have a prophet write down what God wanted man to know.

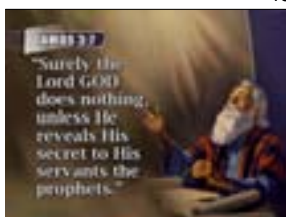

When Adam sinned, he hid from God, for he was fearful and guilty about what he had done.
When God asked Adam where he was, Adam replied,

(Text: Genesis 3:10)
“... I heard your voice in the garden, and I was afraid, ... and I hid myself.”
Genesis 3:10.

No longer could God continue to talk face-to-face.
He chose to reveal what He wanted us to know through His prophets and later, through His Son.

(Text: Amos 3:7)
“Surely the Lord God does nothing, unless He reveals His secrets to His servants the prophets.” Amos 3:7

5 - SECRETS OF ANCIENT SCROLLS

21

God inspired Moses to write the Book of Job and the first five books of the Old Testament, which together are called the “Law.”

This was sometime around 1500 B.C.

22

At this time Israel had grown to a mighty nation of several million people and God needed to be able to communicate His will in written form.

This is right at the time that alphabetic writing, rather than hieroglyphics, was invented.

23

The people would now be able to read the Ten Commandments that God wrote with His own fingers and the Book of the Law that Moses wrote for God.

24

But the question remains: Is the Bible still accurate and dependable, just as God gave it?

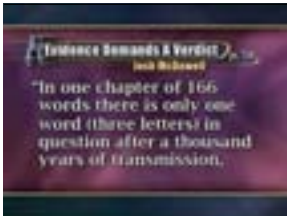

Until the year 1947, the earliest manuscripts we had of the Old Testament were copies from around A.D. 900.

25

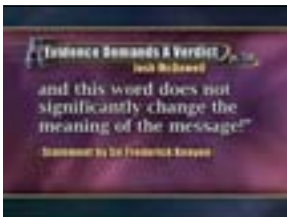

The Isaiah scroll found there went back all the way to 125 B.C. It had been copied over a thousand years before the oldest manuscript that had been found up to that time.

It contained the entire Book of Isaiah.

26

Sir Frederic Kenyon, one of the most qualified experts and President of the British School of Archaeology reported that: “In one chapter of 166 words there is only one word (three letters) in question after a thousand years of transmission,

27

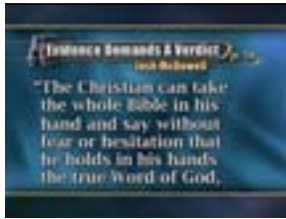

and this word does not significantly change the meaning of the message!”

28

Sir Frederic Kenyon put it this way:

5 - SECRETS OF ANCIENT SCROLLS

29

“The Christian can take the whole Bible in his hand and say without fear or hesitation that he holds in his hands the true Word of God,

30

handed down without essential loss from generation to generation throughout the centuries.”

31

Sir Kenyon made this statement after spending a lifetime examining the evidence of how the Bible was transmitted and what effect that transmission had on the message of the Book.

32

The Bible critics of a century ago had found many reasons to raise doubt about the Bible, but many of these criticisms have been silenced by the spade of the archaeologist.

33

Until the nineteenth century, little was known about the ancient past except for what the Bible had to say about it.

34

Ancient history seemed locked forever behind the strange picture writings, the hieroglyphics of Egypt. For no one in Egypt, nor in the whole world, could decipher them.

35

Then in 1798, Napoleon led a military expedition into Egypt. With his 38,000 soldiers, Napoleon took a hundred artists, language experts, and scientists to help him better understand the history of that intriguing land.

36

Everywhere, they saw relics of the past – unreadable inscriptions, decorated monuments and temple walls. Napoleon and his scholars wondered what secret messages those picture writings contained.

5 - SECRETS OF ANCIENT SCROLLS

37

A year later, in 1799, the most significant of all archaeological discoveries up to that time occurred.

38

One of Napoleon's soldiers unearthed what became known as the Rosetta Stone, a black stone-122 centimeters long and 76 centimeters wide (four feet by two and a half feet) that would unlock the mystery of the picture writing and reveal secrets hidden for centuries.

39

The Rosetta Stone is now housed in the British Museum.

40

(Video: 4 sec) This rock slab, uncovered near the delta town of Rosetta, bore an ancient decree in three different scripts:

41

Hieroglyphic (picture writing), demotic Egyptian, and Greek. Of course, scholars could easily translate the Greek text, but the hieroglyphics were something else.

42

However, twenty years later, in 1822, a brilliant young Frenchman by the name of Jean Francois Champollion startled the world by deciphering the hieroglyphics on the Rosetta Stone.

43

Thus the vast treasures of Egypt's ancient past were opened to the scholars of the world.

44

But most important, the long-forgotten history of Egypt now confirmed Scripture. The stones cried out that what the Bible had said was true!

5 - SECRETS OF ANCIENT SCROLLS

45

The more archaeologists continue to dig, the more evidence they find to confirm Bible history with historical records of past civilizations.

46

**Recent discoveries at Tell Marduk, have electrified the world of archaeology.
This city was called Ebla in Syria - and was once a rich and sophisticated society of almost 300,000 people.**

47

**Not since the discovery of the Dead Sea Scrolls have so many scholars in this field of study been so excited about a find!
But it is even more exciting to the students of the Bible.**

48

In a scribal school adjoining the city's palace, 14,000 inscribed clay tablets and fragments were found, dating back at least to 2300 B.C.

The world's oldest discovered government archive contained the official records of the kingdom of Ebla for more than a century.

49

**Some historians had questioned whether the Hebrews could have developed the art of writing by the time of Moses.
Until the nineteenth century, no historical evidence existed to verify that.**

50

**However, the Ebla tablets and other finds date back far beyond the lifetime of Moses.
In fact, archaeologists have discovered whole libraries that date back centuries before Moses.**

51

**The Ebla tablets refer to a creation story and a flood story.
Also mentioned are names and places which coincide with biblical ones: Esau, Abraham, Israel, Sinai, even Jerusalem.**

5 - SECRETS OF ANCIENT SCROLLS

52

But the real surprise is the mention of the two “sin cities”- Sodom and Gomorrah.

Before the discovery of these tablets, no historical reference to these cities had been known except in the Bible.

Therefore, they were considered to be just mythical places.

53

However, many books will have to be rewritten, for these findings do indeed confirm many geographical names of that day.

54

Some authors will have to admit that Genesis is more than just ancient shepherd songs and legends.

The discoveries at Ebla and elsewhere have confirmed the authenticity of the Bible!

55

(Text: Psalm 119:160)

David said, “Thy word is true from the beginning...”

Psalm 119:160.

56

(Text: Isaiah 45:19)

God says in Isaiah 45:19: “...I, the LORD, speak righteousness, I declare things that are right.”

57

They say that dead men don't tell tales. But they do!

Tales more fascinating than fiction.

Civilizations long dead are speaking from their dusty graves, confirming the accuracy and reliability of God's Word.

58

Until the nineteenth century, some scholars believed that Queen Semiramis built Babylon.

Yet in the Bible, Daniel quoted King Nebuchadnezzar as saying,

5 - SECRETS OF ANCIENT SCROLLS

(Text: Daniel 4:30)

"...Is not this great Babylon that I have built?"

Daniel 4:30.

Who was right?

59

60

In 1899, Robert Koldewey began excavating the old ruins of Babylon, unearthing tens of thousands of kiln-baked bricks, all bearing the stamp of King Nebuchadnezzar, all taken from the walls and temples of the city!

61

A cuneiform tablet, recounting Nebuchadnezzar's achievements, was also found by the archaeologists of Babylon.

62

On it, the king had says, "The fortifications of Esagila and Babylon I strengthened and established the name of my reign forever."

63

(Text: Daniel 4:30)

The Bible states that proud Nebuchadnezzar "spoke, saying, 'Is not this great Babylon,

64

that I have built for a royal dwelling by my mighty power and for the honor of my majesty?" Daniel 4:30

65

The East India House inscription, now in London, devotes six columns of Babylonian writing to a description of the huge building projects of Nebuchadnezzar. The spade again stood by the Word of God.

66

Another mystery of secular history was the absence of Belshazzar as a ruler of Babylon. The Bible named Belshazzar as the ruler of Babylon who witnessed the handwriting on the wall of the banquet hall.

5 - SECRETS OF ANCIENT SCROLLS

Was he only the invention of Daniel's fertile mind? Not at all!

67

Nabonidus, a successor of the great Nebuchadnezzar, had entrusted the kingship to his son Belshazzar, while he was away at Tema in Arabia for ten years.

68

Tablets from archaeologists' finds state that the kingdom was indeed entrusted to Belshazzar, the crown prince. Here is what was written:

69

“And as to Belshazzar the exalted son, the offspring of my body, do thou place the adoration of the great deity in his heart; may he not give way to sin;

70

may he be satisfied with life's abundance; and may reverence for the great divinity dwell in the heart of Belshazzar, my first-born favorite son.” —God Speaks to Modern Man, p. 154.

71

(Text: Daniel 12:4)

Isn't it interesting that in the closing chapter of Daniel, we read:

“But thou, O Daniel, shut up the words, and seal the book, even to the time of the end:

72

many shall run to and fro, and knowledge shall be increased.” Daniel 12:4.

Knowledge would be increased not only in the scientific world.

Knowledge would also increase as to the accuracy of God's Word.

5 - SECRETS OF ANCIENT SCROLLS

Bricks and cylinders, tablets and manuscripts - dug up by archeologists - are proving that what the Bible says is true!

73

However, another compelling evidence that the Bible is God's inspired Word is its ability to accurately foretell the future.

74

(Text: Isaiah 46:9-10)
"I am God and there is none like me,

75

declaring the end from the beginning, and from ancient times things that are not yet done." Isaiah 46:9, 10.

76

Yes, as God pulls back the curtain of time, giving us a glimpse of the future, He demonstrates to the world that the Bible is not just a book.
It is His Book.

77

Before Babylon reached the height of its power and glory, God's Book foretold its fall:

78

(Text: Isaiah 13:19)
"And Babylon, the glory of kingdoms, the beauty of the Chaldees' excellency,

79

shall be as when God overthrew Sodom and Gomorrah."
Isaiah 13:19.
The Bible even foretold the power that would overthrow this mighty kingdom.

80

5 - SECRETS OF ANCIENT SCROLLS

81

(Text: Jeremiah 51:11)

**“The Lord hath raised up the spirit of the kings of the Medes. For His device is against Babylon to destroy it.”
Jeremiah 51:11.**

82

The name of the man who would lead the armies against Babylon was prophesied 150 years before his birth, as was the very way he would do it.

83

(Text: Isaiah 45:1)

**“Thus saith the Lord to His anointed, to Cyrus ... I will ... open before him the two leaved gates...”
Isaiah 45:1.**

**Were the prophecies of the Bible fulfilled?
To the very letter!**

84

In the Persian Hall of the British Museum stands the Cyrus cylinder — discovered in the ruins of Babylon. On this clay cylinder, Cyrus tells of his conquest! The details are accurate!

85

The Bible not only foretold Babylon's destruction, it further stated:

86

(Text: Jeremiah 51:37)

“And Babylon shall become heaps...” Jeremiah 51:37.

87

(Text: Isaiah 13:20-21)

**Isaiah wrote:
“It shall never be inhabited...”**

5 - SECRETS OF ANCIENT SCROLLS

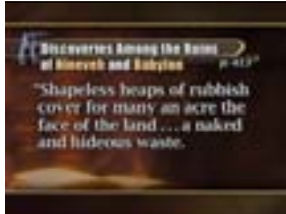

but wild beasts of the desert shall lie there ... and owls shall dwell there..."
Isaiah 13:20, 21.

88

Only God could foresee the future and predict so accurately the fate of the mighty Babylon.
The explorer Austen H. Layard describes the site of ancient Babylon:

89

"Shapeless heaps of rubbish cover for many an acre the face of the land ... a naked and hideous waste.

90

Owls start from the scanty thickets, and the foul jackal skulks through the furrows."
Discoveries Among the Ruins of Nineveh and Babylon, p. 413.

91

Of Babylon's former glory, nothing remains but its name on a signpost at the roadside.
The vast heaps scattered over the ancient Babylonian ruins are certain evidence to the inspiration and integrity of the Bible.

92

(Text: Isaiah 40:8)
We can agree with the prophet:
"The grass withereth, the flower fadeth, but the word of our God shall stand forever."
Isaiah 40:8.

93

And friend, if God can precisely foretell centuries in advance the future of ancient kingdoms,
can we doubt for a moment His ability and wisdom to predict accurately what our own future holds for us? Hardly!

94

In fact, Bible prophecy gives us the privilege of pulling back the curtains, looking into the future through God's eyes, and catching a glimpse of His solution to the problems threatening man's survival on Planet Earth.

95

5 - SECRETS OF ANCIENT SCROLLS

96

**The Bible is more than just reliable history, more than accurate scientific facts, more than prophecies fulfilled.
If it were not, it would not matter what men did with it.**

97

**The theme of the Book, the heart of it all, is the account of what happened on a rugged hill outside of Jerusalem more than nineteen centuries ago.
And it makes a difference what we believe about that!**

98

**Either the Son of the Living God died on that cross or He did not.
Either He was who the Bible says He was or He was not!
Was Calvary fantasy or fact?
It makes a difference, and we need to know!**

99

**Perhaps the greatest evidence that the Bible is what it claims to be is the power in the Book to change lives.
That power is wrapped up in one person — Jesus Christ! Jesus said,**

100

**(Text: John 5:39)
“Search the scriptures; for in them ye think ye have eternal life: and they are they which testify of me.” John 5:39**

101

**Jesus was speaking of the Old Testament, for the New Testament had not yet been written!
And as you turn the pages of the Old Testament, you will discover that they prophesy of a coming Messiah and tell of His mission of love and salvation.**

102

**(Text: Luke 24:44)
Jesus told His disciples:
“...These are the words which I spake unto you while I was yet with you, that all things must be fulfilled**

103

**which were written in the Law of Moses and in the prophets and the Psalms concerning Me.”
Luke 24:44.**

5 - SECRETS OF ANCIENT SCROLLS

104

The Old Testament prophesied of Christ, and the New Testament is His life story.

So you see, the entire Bible is a revelation of Jesus Christ, who came to demonstrate to a planet in rebellion what His Father was really like.

105

That is why the Bible is called the “Living Word of God.”

It carries an amazing power with it wherever it goes — a power that changes lives, transforms human character, gives strength to the weak, courage to the depressed, and hope to the dying.

All through history, the power of the Bible to change people has been proven over and over. Angry people have been changed into peaceful people through the power of the Bible.

106

Lustful, immoral people have become pure and clean. Drunkards have been delivered from their drinking, thieves from their stealing, cheaters from their cheating.

You don't have to look far today to find hardened murderers in prison who have been changed into rejoicing Christians through the power of the Bible.

107

You don't have to look far to find marriages that were headed straight for divorce, that have been saved and filled with new love through the power of the Bible.

No one can read the Bible faithfully, every day, without God's Book changing him or her.

And if you spend time each day reading the Bible, my friend, it will change you too.

108

Jesus spent His time changing people. That is the heart of the Christian religion. And it is the heart of the Bible, the secret of its power.

5 - SECRETS OF ANCIENT SCROLLS

109

(Text: John 8:32)

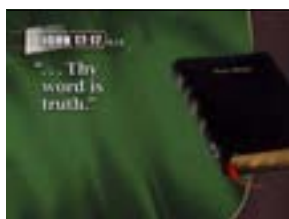

**Jesus knew what power it was that changed men:
“And you shall know the truth, and the truth shall make you free.” John 8:32.**

110

**It is truth that sets men free — that changes men!
It is the truth that makes a drunkard a sober and loving father.**

**It is truth that frees the drug abuser.
With so much deception being practiced in the world today,
we ask, “What is truth?”**

111

(Text: John 17:17)

**Jesus gave the answer:
“Thy word is truth.” John 17:17.
The Bible, God’s Word, is truth!**

The power of that Word can change the hearts of men and women.

112

But God’s Word can change only those willing to be changed—those willing to accept the Man in the Book, Jesus Christ.

**And millions of lives have been changed as people have studied the Bible.
No greater power exists in the world to touch hearts and change lives.**

**You see, friend, it makes a difference what we do with the Book.
It is more than just a book to carry to church or to display in our homes!**

5 - SECRETS OF ANCIENT SCROLLS

It is more than helpful information or useful advice. It is God speaking to our hearts.

It is His love letter to His children on Planet Earth.

In it is the secret of survival, everlasting happiness, and peace of mind.

113

(Video 12 sec) Let me tell you a story of the power of God's word to change lives. Many years ago, there was a ship called the Bounty.

In 1790, Captain Bligh and his crew started out from England to bring a load of breadfruit tree plants to transplant in the West Indies as cheap food for slaves.

114

(Video 7 sec) Because of Bligh's cruel leadership and mistreatment of his crew, there was a mutiny, and Fletcher Christian, the leader of the mutiny, set Bligh and 18 of the crew adrift in a small boat.

They managed to find their way back to England because of the expert ability of Captain Bligh to navigate.

115

(Video 4 sec) The crew on the Bounty didn't fare very well, but they ended up on the uninhabited Pitcairn Island.

116

(Video 10 sec) They burned the Bounty so they could not be traced. When they had been in Tahiti, Bligh had taken on board a number of women and children and a few native men.

Trouble followed the mutineers as they learned to make liquor. There were murders and crimes and before long there was only one man, John Adams, and a number of women and children.

5 - SECRETS OF ANCIENT SCROLLS

117

(Video 8 sec) John Adams sought until he found the Bounty's Bible which had been in a chest. He started reading it and as he did so a tremendous change came over him.

He realized that a tremendous responsibility had come to him to provide a future for these children. He began to educate them on how to read and write and how to live.

The amazing transformation in the entire population of the island attracted the attention of passing vessels, then the British government, and finally the whole world.

118

This Bible can change your life, too, friend. When we read the Bible, the same Holy Spirit which inspired the Bible writers to write down God's word centuries ago, transforms our lives as we study it.

Come to God's word with an open mind and in simple faith say:

"O Lord, show me your truth, and I will follow it."

"O Lord, reveal any changes I need to make in my life."

"O Lord, I long to meet you as a loving, forgiving, life-changing Savior in the pages of your word."

119

Yes, friend, it's not just the book – it's the author of the book who makes the difference.

As we catch a glimpse of that author, our faith will soar. For to know Him is to love and trust Him.
